# LETTER FROM MR. ISAAC F. WOOD,

---

*To Intending Purchasers:*

I would say that I have carefully compared Mr. Haseltine's cataloguing with the pieces, and they seem to me to be described with precision, and with, if possible, even more than his usual fairness and discrimination.

Concerning a few examples, such as the silver Swiss Grant Medals, etc., I alone am responsible as to their rarity, as, with the exception of a certain well-known collector for whom I obtained a like specimen of each at the same time with mine, nobody, I *think*, can speak more authoritatively on this point. Even the full face Swiss Grant in *bronze* is very rare here; the one in the Sanford sale some years ago fetched a very high price, and I *believe* that self same bronze specimen (and no other) has been offered by Woodward once or twice in his sales since, and *none by anybody else*; although in this of course I am within the possibility of being mistaken.

As I am unwilling to see these and some two or three more of the same character of rarity run the risk of slaughter in the auction room, I have directed the attachment of an upset price or starting limit to them, as will be seen in the text, deeming this a fairer method of treating intending bidders than the ordinary under-handed one of buying in.

With these exceptions—not over half a dozen in all—everything will be *sold without reserve*.

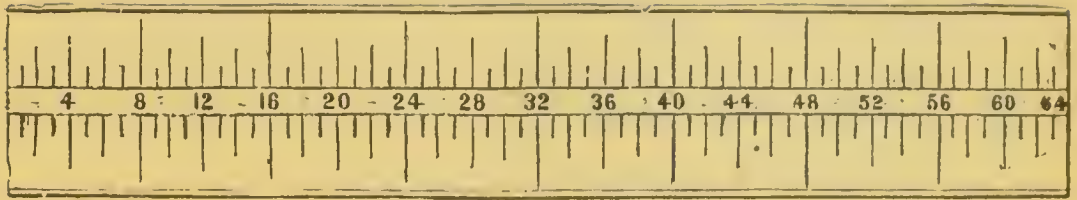

A few pieces of special interest and rarity, among the Washingtons more especially, announced to friends as to be placed in this sale, have been reserved for Part II, as adding greater interest thereto; and for the satisfaction of numerous applicants for a completed list of my own issues of medals and tokens, I may say that in a succeeding part (sale) will be offered, as nearly as possible, a full catalogue of such issues to date, with description of dies, number struck, metals, etc., as may serve for future reference.

I should add that no duplicates are herein, or are intended to be hereafter offered, *except in the variety of metals*.

Numismatically Yours,

ISAAC F. WOOD.

15 WALL ST., New York, 5, 22, 1882.

SCALE OF ONE-SIXTEENTH OF AN INCH.
